Juliette Bénon

Postdoctoral researcher

jbenon.github.io juliette.benon@proton.me

Experience

Postdoctoral researcher – *Universität Zürich, CH* 2026 – present
- Supervisor: Christian Ruff (Neuroeconomics and Decision Neuroscience group)

PhD candidate – *Paris Brain Institute, FR* 2022 – 2025
- Supervisor: Jean Daunizeau (Motivation Brain Behaviour team)

MSc intern – *Paris Brain Institute, FR* 2021 – 2022
- Supervisor: Jean Daunizeau (Motivation Brain Behaviour team)

MSc intern – *Integrative Neuroscience and Cognition Center, Paris, FR* 2021
- Supervisor: Véronique Izard (Babylab).

Education

PhD in Cognitive science – *Sorbonne Université, Paris, FR* 2022 – 2025
- Supervisor: Jean Daunizeau
- Thesis: A neuro-computational account of rationality costs in decision-making

MSc in Cognitive science – *Université ENS-PSL, Paris, FR* 2020 – 2022

BSc in Mathematics – *Université Paris Descartes, Paris, FR* 2019 – 2020

Preparatory classes in Mathematics & Physics – *Lycée Pierre Corneille, Rouen, FR* 2017 – 2019

Teaching

Lecturer – *Université Paris Cité, FR* 2024 – 2025
- Course: Artificial intelligence applied to healthcare (all levels).

Teaching fellow – *Université Paris Cité, FR* 2023
- Course: Psychophysiology (final BSc year students).

Funding

Doctoral school Cerveau, Cognition, Comportement (ED3C) 2022 – 2025
3-years PhD scholarship.

Publications & Preprints

Lespart, A., **Bénon, J.**, Daunizeau, J., and Bouret, S. (2026). Metacognitive regulation of cognitive control to adjust choice accuracy in rhesus macaques. *Scientific Reports*.

Bénon, J., Pessiglione, M., Vinckier, F., and Daunizeau, J. (2026). Irrational decisions reflect robustness constraints on value computations implemented by orbitofrontal circuits. *bioRxiv*.

Bénon, J. (2025). A neuro-computational account of rationality costs in decision-making. [Doctoral dissertation, Sorbonne Université].

Bénon, J., Lee, D., Hopper, W., Verdeil, M., Pessiglione, M., Vinckier, F., Bouret, S., Rouault, M., Le Bouc, R., Pezzulo, G., Schreiweis, C., Burguière, É., and Daunizeau, J. (2024). The online metacognitive control of decisions. *Communications Psychology*.

Invited talks

Cognitive Noise Workshop – *Paris School of Economics, FR* June 2026

Symposium on the Biology of Decision-Making (SBDM) – *Paris Brain Institute, FR* May 2026

Neuroeconomics and Decision Neuroscience Group – *Universität Zürich, CH* Feb 2025

Reviewing

Communications Psychology, eLife, Journal of Neuroscience, PLOS Computational Biology.

Outreach and service

Local organizing committee of the Orbitofrontal cortex meeting 2024

Research career outreach to high school students 2023
Intervention from the Déclics program.

Local organizing committee of the Symposium on the Biology of Decision-Making 2023

Presenter at the Cogni'Forum for a general audience 2022

Co-president of the Cognivence student association 2021 – 2022
Organization of a large cognitive science fair for the general public.
