

Juliette Bénon

Postdoctoral researcher

jbenon.github.io juliette.benon@proton.me

Experience

Universität Zürich, CH , Postdoctoral researcher	2026 – present
• Supervisor: Christian Ruff (Neuroeconomics and Decision Neuroscience group)	1 year
Paris Brain Institute, FR , PhD candidate	2022 – 2025
• Supervisor: Jean Daunizeau (Motivation Brain Behaviour team)	3 years
Paris Brain Institute, FR , MSc intern	2021 – 2022
• Supervisor: Jean Daunizeau (Motivation Brain Behaviour team)	1 year
Integrative Neuroscience and Cognition Center, Paris, FR , MSc intern	2021
• Supervisor: Véronique Izard (Babylab).	

Education

PhD Sorbonne Université, Paris, FR , Cognitive science	2022 – 2025
• Supervisor: Jean Daunizeau	
• Thesis: A neuro-computational account of rationality costs in decision-making	
MSc Université ENS-PSL, Paris, FR , Cognitive science	2020 – 2022
BSc Université Paris Descartes, Paris, FR , Mathematics	2019 – 2020
Préparatory classes Pierre Corneille, Rouen, FR , Mathematics & Physics	2017 – 2019

Teaching

Université Paris Cité, FR , Lecturer	2024 – 2025
• Course: Artificial intelligence applied to healthcare (for all levels).	
Institut de Psychologie, Boulogne-Billancourt, FR , Teaching fellow	2023
• Course: physiology (for final BSc year students).	

Funding

Doctoral school Cerveau, Cognition, Comportement (ED3C)	2022 – 2025
3-years PhD fellowship.	

Publications

The online metacognitive control of decisions	2024
Juliette Bénon, Douglas Lee, William Hopper, Morgan Verdeil, Mathias Pessiglione, Fabien Vinckier, Sébastien Bouret, Marion Rouault, Raphaël Le Bouc, Giovanni Pezzulo, Christiane Schreiweis, Éric Burguière, Jean Daunizeau	
doi.org/10.1038/s44271-024-00071-y (Communications Psychology)	

Invited talks

Paris School of Economics , Cognitive Noise Workshop	June 2026
---	-----------

Paris Brain Institute, Symposium on the Biology of Decision-Making (SBDM)

May 2026

Universität Zürich, CH, Neuroeconomics and Decision Neuroscience Group

Feb 2025

Reviewing

Communications Psychology, eLife, Journal of Neuroscience, PLOS Computational Biology

Outreach and service

Local organizing committee of the Orbitofrontal cortex meeting

2024

Local organizing committee of the Symposium on the Biology of Decision-Making

2023

Co-president of Cognivence

2021 – 2022

Organization of a large cognitive science fair for the general public.
